

GULLIVERS

Swift Story

Gullivers was established in 1965 as a 100-seat restaurant featuring the North Side's original pan pizza. Over the years we have grown our first Chicago location and it now seats 350 people. We grew by adding separate dining rooms to keep the setting's cozy feel. Once we ran out of room there, we decided to add restaurant locations. Thanks to customers like you, we have been able to open up restaurants in Oak Brook Terrace and Glenview bringing our world-famous pizza to thousands more.

We offer a wide variety of tasty homemade dishes for your dining pleasure as well as delivery, carry-out and catering services. Our signature menu item has been our award winning pan pizza.

Our pizzas are made with the same recipe we have been using since 1965. We insist on using only fresh, high quality ingredients to ensure a consistently delicious experience.

Welcome to the Gullivers family. We hope you enjoy your Gullivers experience and look forward to seeing you often.
